-Workplace Environment Tracking System (WETS) User Access

'Alone we can do so Little, together we can do so Much". Hellen Keller

Providence Rhode Island Area Local 387

The Postal Service launched the Workplace Environment Tracking System (WETS) on August 1, 2013, to provide a central nationwide repository for tracking harassment allegations and workplace environment issues. This system was designed to enable the Postal Service to identify trends and develop preventative measures against workplace harassment. <https://www.uspsoig.gov/document/workplace-environment-tracking-system-user-access>
